4 Suítes

An architectural rendering of a modern, single-story house at dusk. The house features a prominent stone-textured wall and a large overhanging roof with exposed wooden beams. The interior lights are on, and the exterior is illuminated with warm, recessed lighting. A family of four is walking on a paved path in the foreground. A silver SUV is parked in a covered carport, and a dark blue sports car is in the lower right. A large palm tree stands to the right of the house. The sky is dark blue with a crescent moon and stars.
